PlanMill 12.5 Summary (Released March 16, 2010)

PlanMill Release 12.5 offers several new add-ons and key features, as well as addressing known and fixed issues.

1. New PlanMill add-ons

- **PlanMill Calendar*** - FREE web-based solution to all PlanMill Cloud and On-Premise customers for viewing various kinds of calendar events such as *absences, actions, annual holidays, opportunities, requests, project milestones and tasks*. Also supports viewing [Google Calendar](#) events within PlanMill Calendar. A separate [activation and configuration request](#) from Cloud Customers is required.
Note: No Calendar support for MS Internet Explorer 6 and 7!
- **PlanMill Contracts*** - A streamlined web-based solution for contract management. It allows organization to keep track of various kinds of business agreements and related documents.
- **PlanMill Products*** - An easy-to-use web-based solution for product management. It enables you to easily manage and share centrally product and product group-related information.
- **PlanMill TES**** add-on automatically calculates overtime, travel time, paid and unpaid absences and reported hours for payroll calculations. Default calculations are based on Finnish ERTO's labor union agreement. Calculations produce data in hours. This add-on module can be used to export data as *MS Excel* or *CSV-file* to payroll or it can be connected with *Wintime HR system* with **PlanMill Connector for Wintime**. Available to **PROJECT, PSA** and **ERP** products. **PlanMill Absence** also is required to be able use PlanMill TES solution.
- **PlanMill Connector for Intrum Justitia (IJ)** - Generates Finvoice files from Invoices and sends the files automatically (for example every 10 s) to a predefined email address where they can be uploaded to Intrum Justitia's solution. Read more from [Intrum Justitia](#).
- **PlanMill Connector for Crowd*** – Provides web services based automatic creating/updating and deactivating of users from [Atlassian Crowd](#) single sign-on (SSO) and identity management solution.
- **PlanMill Connector for Wintime HR**** – Exports (CSV file) absence and TES related payroll information to Wintime HR from Aditro. A separate upload (Import) action to Wintime HR required. Besides PlanMill Absence, add-on is required to be able to export absence related information.
- **PlanMill Mobile** - Coming soon for Beta! This is a [web-based solution](#) optimized for touch screen mobile devices such as [Apple iPhone](#) and [Nokia N900](#). It allows viewing and searching for various kinds of information from PlanMill such as [actions, accounts, contacts, requests and opportunities](#). [Mobile Internet](#) or [WLAN](#) is required for using PlanMill Mobile solution.

[Interested to test drive PlanMill Mobile?](#) If you have either an Apple iPhone or Nokia N900 you can be one of our first public beta users starting April 2010. Send your PlanMill Mobile Beta User request to info@planmill.com.

Note:

*) *PlanMill add-ons are available to [PlanMill CRM, PROJECT, PSA and ERP products](#).*

***) *[PlanMill Absence](#) is required.*

2. Key features

- **Open API & Import** (manual) – Support for XLS transformation when making API requests. API available to **PlanMill Contracts** and **Products**, too.
- **OpenID** – Enhanced authentication to support named OpenID service providers. A separate activation from PlanMill required. *Read more from [OpenID](#)*
- **Payment reference** (Finland only) – Bank payment reference fees (in Finnish: "saapuneet viitemaksut") can be imported to PlanMill using Finnish bank standard file (retrieved from company's own web bank). *Currently available to Finnish customers only.*

3. Misc

- **Renamed terminology** (UI) - Calendar (incl. work capacity) module name changed to **Capacity** (*Kapasiteetti*).
- **Collaboration** (New Group tab) – Designed for Power users. It consists of Documents, Calendars and Forums related sub tabs.
- Several general usability and performance related improvements implemented
